EDUCATION

Sumathi Reddy Institute of Technology for Women (JNTUH Affiliated) 2023 – 2027
Bachelor of Technology in Computer Science | CGPA: 8.38

Dhruva Junior College for Girls 2021 – 2023
Intermediate (MPC) | 93.5%

Unique High School 2008 – 2021
Secondary School Education | GPA: 10.0

PROJECTS

Food Delivery — Frontend Web Application 2024

- Developed a responsive food ordering web app using React.js with menu display, cart management, and order pages.
- Built reusable components and interactive UI while strengthening React state handling skills.

TrendHive — MERN E-Commerce Application 2024

- Built a fashion e-commerce platform with product listing, search, filtering, and cart using React.js and Bootstrap.
- Integrated REST APIs for dynamic backend data and contributed reusable frontend components.

StudyFlow — Student Productivity Dashboard 2023

- Built a responsive web app using HTML, CSS, and JavaScript with task management, Pomodoro timer, and progress tracking.
- Implemented theme toggle, search, and interactive UI with local storage support for persistent data.

ACHIEVEMENTS

- Secured 2nd Prize in RTRP Project Competition for building a functional web-based solution.
- Achieved 12K+ impressions on LinkedIn through consistent posting of technical content and learning updates.
- Built responsive frontend projects using HTML, CSS, and JavaScript with focus on real-world UI development.
- Strengthened JavaScript and frontend development skills through hands-on project building.

CERTIFICATIONS

Frontend Web Development — Built static, responsive, and dynamic web apps using HTML, CSS, Bootstrap, and JavaScript.

Python Programming — Applied core Python concepts for problem-solving.
